INTRODUCTION

Workshop on Advanced Materials and Nanotechnology is one of ITMA's annual activities which was initiated in 2003. Each series of the event has raised various themes related to the field of advanced materials and nanotechnology. This workshop is one of the efforts to promote and strengthen ITMA as a research center of excellence focusing on advanced materials and nanotechnology.

By organizing this workshop, ITMA hopes to provide a platform for local and overseas experts to share their knowledge and expertise in their respective fields of research. We hope the knowledge shared will be able to spark new ideas and expand existing research for the participants.

CALL FOR PAPERS

Participants are invited to submit extended abstracts on the following topics:

- Nanodelivery
- Drug delivery
- Nanomaterials
- Nanocatalyst
- Nanomedicine
- Nanomedicine
- Agronanotechnology
- Carbon nanostructures
- Carbon nanoparticles
- Theranostics Delivery

All abstracts should be written in English and shall be written in font Cambria MS, single line spacing and 10 font size. The abstracts can contain figures, tables and/or images. Page format should be A4 page size with margins 2.5 cm wide from the right, left, top and bottom and should not exceed 2 pages including the references and pages should not be numbered.
